

PREP 4 PRESCHOOL

PLAYGROUP FOR CHILDREN WITH ADDITIONAL NEEDS

WHAT IS PREP4PRESCHOOL?

Learning Links supported playgroup provides a relaxed, safe and engaging environment where play activities are tailored to enhance the development of your child. Our professional and experienced Early Childhood Educators and Therapists are available to provide information and support to help your child communicate, move and play – in preparation for a smooth transition to preschool.

HOW CAN THE PROGRAM HELP YOUR CHILD AND FAMILY?

Prep 4 Preschool playgroup is a gentle introduction to supporting and promoting your child's learning and development in a small group setting. You will have opportunities to meet other families and for your child to learn alongside other children. Your family will have support from staff to connect with a range of community supports, including preschool and day care centres.
