START

What you'll need:

- This board
- A dice
- A counter for each player
- Numeral cards (0-30)
- Picture cards (0-20)

**How to play:**

1. Players take turns to roll the dice and move that many places around the board
2. Upon landing on a square, players will follow the directions on the square (sometimes this is counting aloud, other times they will need to pick up a card from the board)
3. If correct, the player can move forward one space.
4. If incorrect, the player will leave their counter where it is.
5. The winner is the first player to reach the end of the board.
